

A Question Of Time

Secret Discovery

Too easy as it seemed
No, I can't forget the day
I was young ,...so stupid
but today this day comes back

And when it starts I hide away
I can't forget, my memories stay
And when it starts I hide away

So long the way, so hard the time
to realize, I killed a man
A chance ? ... to pray ?
No grace ? Forgive me...

And when it starts I hide away
I can't forget, my memories stay
and when it starts I hide away
...is there a chance for me to live
And when it starts I hide away
..But the day comes back
And when it starts I hide away
