

## Seductive Angel

Secret Discovery

I can see you behind the curtain  
an I can smell you, it's unbelievable  
you got to feel my view touching  
You got to feel waht only angels can feel  
Watching you move I've been leaving realtiy  
starving for stuff form unusual phantasy  
can I surrender myself to this sinful dream  
and I yearn ...

Feeling the touch of your hands on my sweating skin  
smelling your flesh everytime just when I breathe in  
can I resist the bright shine of your fateful eyes  
and I yearn ...

I lose control, my sweet seductive angel  
I lose control, my sweet seductive girl (one)  
Crumbling to dust in my hands, what's reality  
glowing result of my undying phantasy  
can I surrender myself to your cold embrace  
and I yearn ...

Love me to death, drink my blood and tear up my skin  
you can get all in your life that you want from me  
can I resist the bewitching sound of your voice  
so I yearn ...
