

## Nocturne

### Secret Garden

Now let the day  
Just slip away  
So the dark night may watch over you  
Velvet blue, silent true  
It embraces your heart and your soul  
Nocturne

Never cry, never sigh  
You don't have to wonder why  
Always be, always see  
Come and dream the night with me  
Nocturne

Have no fear  
When the night draws near  
And fills you with dreams and desire  
Like a child asleep  
So warm, so deep  
You will find me there waiting for you  
Nocturne

We will fly to the sky  
We don't have to wonder why  
Always be, always see  
Come and dream the night with me  
Nocturne

Though darkness lay  
It will give way  
When the dark night delivers the day  
Nocturne
