

Sometimes A Prayer Will Do

Secret Garden

Sometimes we stumble
Sometimes we even fall
And we can't find a friend
Can't comprehend it all
And we are lost
With nothing to hold on to

When we can't find the answer
Sometimes a Prayer will do
And though we wonder
Uncertain if we will get through
To face the future
Sometimes a prayer will do

Sometimes we reach
For what's not really there
Sometimes we lose our grip
Come tumbling through midair
And we are searching
For something to hold on to

When we can't find the answer
Sometimes a Prayer will do
And though we wonder
Uncertain if we will get through
To face the future
Sometimes a prayer will do

Then we are stronger
Somehow we know we will get through
To face the future
Sometimes a prayer will do

Yeah, we are stronger
Somehow we know we will get through
To face the future
Sometimes a prayer will do
Sometimes a prayer will do
