Faded Lines

Secret Machines

Faced with lies Don't you think that you just lie? Caught inside Worlds made mostly of lies Make up your mind 'cause it's all we love That's all Just faded lines Overwhelmed Overjoyed is the same Beneath the stillness The place where coldness meets cold Make up your mind 'cause it's all we love That's all Just faded lines And what else? Yeah, I was scared The seconds dripped past So slow But I just stood there I thought you Should know
