

Night City

Secret Service

After midnight
Don't want to sleep
Go out and feel
The city beat
A new romance
Another chance
Can you feel the heat?
It's in the air
The city beat
Is everywhere

Night City
Night City

You never know
What's on tonight
Lot of faces
Lot of light
Lot of looks
And secret dreams
Can you feel the heat?
It's in the air
The city beat
Is everywhere

Night City
Night City

Behind one door
A different world
You cross the floor
'Cause you've seen her
Tomorrow is
Still far away

Night City
Night City ...
