

Watching Julietta

Secret Service

Down stopping home I close the door
Watching Julietta, watching Julietta
Senses in spirit, I need you more
Watching Julietta, watching Julietta

She waves her hand at someone
But keeps her love as no one else but me
At night when we are walking
One thing is through a talking
Why would it be
Watching Julietta

Dance in the sunlight
Touching her mind
Watching Julietta, watching Julietta

She waves her hand at someone
But keeps her love as no one else but me
At night when we are walking
One thing is through a talking
Why would it be
Watching Julietta

Praise in her moves
Laze in her smile
Watching Julietta, watching Julietta

Watching Julietta

Dance in the sunlight
Touching her mind
Watching Julietta, Watching Julietta
