

The One with No One

Secrets

I've been searching around for any way to figure out why you changed

Checking every drawer in my head and every fight that we've had

Just hoping to find something that guides you back, but I never find it

This one's for my heavy heart, it's hopelessly broken

This goes to the times I let my self down

I'll never get over them

Shout out cause I'm wasted and lonely

With no one to embrace me

I'm sick of being the one

The one with no one

Still wandering around for two weeks now

Stuck here still trying to figure it out

How could you go off and leave that way?

Just throw three years away

You stole the stars from my nights and blacked out the sun in my days

Now loves got me dizzy again and I can't get used to the spin

This one's for my heavy heart, it's hopelessly broken

This goes to the times I let my self down

I'll never get over them

Shout out cause I'm wasted and lonely

With no one to embrace me

I'm sick of being the one

The one with no one

I've done all that I can do to try and forget you

It's just something I can't do

It's become an issue

I don't want to miss you

This one's for my heavy heart, it's hopelessly broken

This goes to the times I let my self down

I'll never get over them

Shout out cause I'm wasted and lonely

With no one to embrace me

I'm sick of being the one

The one with no one
