

Beautiful

Seed

Me on clouds a light line breeze
Rose wine - honey we've come clean
Somehow we found our song
You play the black, I play the white keys
The night falls to hush the voice
Purple flowers shadows and (turquance?)
My satellite circles your sun
Finding answers in the right noise

Waking up is beautiful - when I am with you
And I wander yes I wander - wisely that you choose
Everything is beautiful - heaven for a fool
And I wander girl I wander - wisely that you choose

I never thought, I'd be like this
In the palm of your hand - happily speechless
You wear my shirt and just a devil smile
Bringing Mars closer to Venus
Late that night, I watch you sleep
You saved my life, when no one believed
You gave up Diamonds for a Rolling' Stone
Now I know what it means to be home.

Waking up is beautiful - when I am with you
And I wander yes I wander - wisely that you choose
Everything is beautiful - heaven for a fool
And I wander girl I wander - wisely that you choose
Without you I surly lose my weight
You come and get me out when I'm dizzy in the haze
I'm having no doubts - so proud, I shout it all around it's you
babe
You turn my wall around, you quiet underestimate the height of
my flight
I might be drifting out of sight so hold on to me
Slap me pinch me, tell me it's not a dream now
Soak me trench me in honey and cream

Waking up is beautiful - when I am with you
And I wander how I wander - wisely that you choose
Everything is beautiful - when i am with you
Since you love me even more - I'm a miserable fool
