I had a jackpot girl under my arm,
But over night she had left and gone.
I think i have to call a detective (oh, don't do this to me girl!)
Call the police and detective (me jewel disappear!)

Me search up and downtown
Me search up all day and now di night come!

What should i do?
Today is a bad, oh what a sad day!
Yes man, me jewel disappear.
She was the type of girl that me search all my life everywhere, you know?

The chapel was chosen,
Wanted all of them to see i'm going to marry her
But the girl no there (girl no there)
I search every where (search everywhere)
Ooh yeah

I'm gonna search everywhere that i can

Nein mann, ich hab deine braut nicht gesehn,
und überhaupt alter, sie will gehen - lass sie gehen.
Ok ich muss gestehn: du hast'n mittleres problem,
doch du wirst sehen, bald wird wieder rückenwind wehen
Schließ die augen, zähl bis zehn, zack - da steht marlene
dein kopf ist ihr genehm, also wird sie ihn dir verdrehen
vielleicht wird es schiefgehn vielleicht super
je nachdem lass sie kommen, lass sie stehen,
das is bockreich und bequem

I had a jackpot girl under my arm. but over night she had left and gone.
I think i have to call a detective (call a detective!)
Call the police and detective (hire a detective!)
I'm gonna search everywhere that i can
'cause dis ya jackpot girl is the bomb
I think i have to call a detective (call a detective!)
Call the police and detective

We're gonna keep up the fire!
Cause never give up, succeed at last
Don't be afraid of our divine combination
And as i said: it's meant to be from creation
'cause it's my desperate desire,
To get you back right into my arms
You are the jewel that i lost inna deep, deep water.
Where are you? oh please. reveal!

I had a jackpot girl under my arm but over night she had left and gone
I think i have to call a detective (call a detective!)
Call the police and detective
