

Perverved Desire

Seelenkrank

You just have one desire
You don't want me to kiss on your lips
You love to feel my greedy tongue
Sliding down your leg
Licking your feet
You like to see my greedy tongue
Playing with your toes
It makes you hot
You want me to take your foot
In my mouth
You try to hurt me
With your highheels

"Küss mir den Stiefel! Den Stiefel
hab ich gesagt! Ja, so ist es gut!
Meine getreue Sklavin..."

I like to see your polished nails
I like to taste the sweat of your feet
I kiss your feet
I kiss your shoes
The greatest pleasure we ever feel
I want you to touch my naked body
With your naked feet
Hurt me with your spikes
I do everything
You promise pleasure
I'll be your slave
Lying at your feet
