

I like to feel your skin
Your warm embrace
I like to hold you tight
To see your face
I want to be your slave
I am your joy
You can do what ever you want
I'm your private joy

So please, play with me
Please be kind
Please, play with me
My body is yours
I want to be your slave
I am your joy
You can do what ever you want
I'm your private joy

Devotion, sweetest devotion
Pain, bloody pain
Punishment, capital punishment
Love, deadly love
