

# The Perfect Lie

Seelenkrank

Your burning eyes  
Force me to the ground  
You're telling lies  
Madness in your words  
Your poisoned smile  
You gain to my desire  
Your pale white skin  
I want to taste your sweat

You are the perfect lie  
You're so unreal  
You are the perfect lie  
You were so real

I want your body  
I want your mind  
I don't want to sleep with you  
I want your soul  
I don't want to be your toy  
I want your love  
You are not made for me  
I want your death

Nothing behind your mask  
Nothing but a little girl  
Nothing that you can hide  
Not from me
