

## Our Fate

## Seelennacht

In nomine patri et filii et spiritu sancti  
Amen

Hört ihr nicht die Seelen?  
Die Seelen wie sie leiden!

Wenn das Geld im Kasten klingt  
Die Seele in den Himmel springt

I am searching for the light  
I am searching for salvation  
Every day and every night  
I want to cast the shadows out

You can put your trust in me  
I am the way to your salvation  
I am here and set you free  
Just pay your money and ascend the light

Where will we be when we need redemption?  
Is there a God so far away?  
Or are they only just pretending?  
Is this our fate?

The day I die will there be a god  
On this day will I behold the savior  
Will there be another world  
So much better and full of delight

All your doubts should be resolved  
When I will give you what you long for  
Just pay your money and I'll avoid the decay  
Without sins you escape the hell
