

The Beholder

Seelennacht

You are all I ever wanted
You are all I want to see
I wish to invent a new construction
That I can change my destiny

Still I'm standing in the rain
Where you left me all alone
But one day I will change the future
Where new dimensions heal my soul

I am the beholder
Of this agony
I am only watching your eyes sear

You are the wind that takes me away
You are my light on a winterday
You are the night that is lying over me
