

## Eyes Of A Child

Seemless

Our foundation for the next generation  
Tell them that life is in their hands  
Our demonstrations will be salvation  
Can't you see it in there eyes?

All my life it seemed to me that  
Something ain't right with the world we live in  
Don't you know we are the reason  
A chance to change what we are seeing

How do we see the truth revealed in the course of time  
I know that we teach by actions so live the life you know

All my years spent disbelieving  
Nothing will change so what's the reason  
To fight at all well don't you see that  
We gotta chance to change what we are seeing

How do we see the truth revealed in the course of time  
I know that we teach by actions so live the life you know

We gotta live the light  
This is our time, this is our life  
This is your chance to stand and fight  
This is your chance to live right
