

## Seven

## Seemless

You are the love I know will never go  
I feel this time we will watch it grow  
Living moments that speak right to my soul  
Keep you inside no matter where I roam

Now I don't feel so alone  
With fears of facing all the unknown  
Live inside the moment knowing we can't hold it  
Wouldn't change it if I could

Standing right here watching life unfold  
Speaking this life until the story is told  
Spreading our souls so we hit the road  
Keep you inside no matter where I roam

If you ever needed me  
You know I am here  
I will never leave you  
I am always here

Coming from the inside, speaking from the soul  
Reaching out from all I know  
This is how it's got to be, this is what I know  
Life inside the music
