

Because of Me

Seether

Here she comes again
She's feeling like she's already won
I believe it's gonna end again, all for naught
My philosophy is things are just as wrong as they seem
I believe it's gonna end this way, atrocity

Do you believe in love
Like I believe in pain?
Nobody died for you
Somebody pray for me

When you see me, cut me down
And I will force it underground
There's no one left to hurt but me
And it's because of me, right?

There she walks away
She's feeling like she's having them on
I believe she's gonna bend again
And all for naught
My philosophy is things are just as wrong as they seem
I've gotta get you off of me, it's such an oddity

Do you believe in love
Like I believe in pain?
Nobody died for you
Somebody pray for me

When you see me, cut me down
And I will force it underground
There's no one left to hurt but me
And it's because of me, right?

I want to see you suffer!
Suffer!!

When you see me, cut me down
And I will force it underground
There's no one left to hurt but me
And it's because of me, right?

When you see me, cut me down
And when you see me, cut me down
And when you see me, cut me down
And it's because of me.
Suffer!!
