

# Emotionless

Seether

I want to stare into the sun  
Until my eyes are burned and done  
When everybody's learned to pray  
The rabid wolves come out to play

You're fading out  
Emotionless  
You won't amount  
To more than this

So keep, keep cutting me down  
Cheap, cheap tongue in your mouth  
Keep, keep cutting me down  
Cheap, cheap tongue in your mouth

You're so grown up behind the gun  
A precious gift to everyone  
So sacrifice your favorite son  
The fall of man has now begun

You're fading out  
Emotionless  
You won't amount  
To more than this

So keep, keep cutting me down  
Cheap, cheap tongue in your mouth  
Keep, keep cutting me down  
Cheap, cheap tongue in your mouth

Please come down, let me cherish the sound  
Of wasted breath  
I know somehow you will never be found  
Ashamed I guess

You're fading out  
Emotionless  
You won't amount  
To more than this

So keep, keep cutting me down  
Cheap, cheap tongue in your mouth  
Keep, keep cutting me down  
Cheap, cheap tongue in your mouth

'Cause you know I'm gonna burn you down  
'Cause you know I'm gonna burn you down
