Fuck It

I guess I like it when we play (The way you drag me down) I guess I like it when you hate me (The way you drag me down) 'Cause I can't face myself in a mirror (I'm left alone with all my pain) And I disgrace myself in the mirror (I'm left alone with my shame)

Fuck it! I see you in me Fuck it! I feel you in me Fuck it! I'll heal you in me Fuck it! I see you in me Fuck it! I feel you in me Fuck it! I'll heal you in me

I guess I like it when we fight (The way you drag me down) I guess I like it when you smite me (The way you drag me down) 'Cause I can't face myself in a mirror (I'm left alone with all my pain) And I disgrace myself in the mirror (I'm left alone with my shame)

Fuck it! I see you in me Fuck it! I feel you in me Fuck it! I'll heal you in me Fuck it! I see you in me Fuck it! I feel you in me Fuck it! I'll heal you in me
