

# Fyah Fyah

Selah Sue

Sometimes, it is not that easy  
To understand, oh yeah I know  
But I, I have those moments  
When the darkness inside, takes over control

And then I'm chained and locked inside my head  
But it will never be the same again  
After I'll say fyah fyah

But I, I'll just have to face it, this is who I am, and nothing  
more  
So now stop whining Sally, and just get yourself together, and  
sing the f\*cking song

I'll just have to face the dark inside my head  
'Cause there is nothing else to do, yeah  
But it will never be the same again  
After I'll say fyah fyah

Fyah fyah what shall I do mighty dread  
It's the killer of my mental state, yeah  
Be strong, no I will not go on, let it get me, no way man, I ju  
st can't do that  
'Cause I'm a fighter, I'm not a big cryah so big it up everyone  
trying to face their mess  
Big it up everyone trying to face their mess

Fyah fyah what shall I do mighty dread  
It's the killer of my mental state, yeah  
Be strong, no I will not go on, let it get me, no way man, I ju  
st can't do that  
'Cause I'm a fighter, I'm not a big cryah so big it up everyone  
trying to face their mess  
Big it up everyone trying to face their mess

I let the fyah burnin'

I know it that one day...
