

Ghost of You

Selena Gomez & the Scene

1. Turned my back
To the door
Feel so much better now
Don't even try any more
Nothing left to lose
There's a voice that's in the air
Saying don't look back no where
There's a voice that's always there (with me)

I'll never be quite the same
As I was before this
Part of you still remains
Tho it out of focus
You're just somewhere that I've been
And I won't go back again
You're just somewhere that I've been

R: Breathing in
Breathing out
Ain't that what
Its all about
Livin life
Crazy loud
Like I have the right to
No more words in my mouth
Nothing left to figure out
But I don't think I'll ever break though
The Ghost Of You

2. That's the way
I feel tonight
I can't just press delete
Expect the world
To make it right
I know that no can do
Gotta let the pages turn
Try to live and let it burn
While I watch the world keep turning (around)

I'll never be
Like I was
The day that I met you
Too naïve yes I was
Boy, That's why I let you in
Wear your memory like a stain
Can't erase or numb the Pain
here to stay with me forever

*: One of these days
I'll wake up from this
bad dream I'm dreaming
One of these days I pray that I'll be
Over Over Over you
One of these days I'll realize that I'm
So tired of feelin confused
But for now
There's a reason why

you're still here in my heart
