Selena Gomez & the Scene

I want more, I want more
Yeah, Yeah, Yeah, Yeah
I want more, yeah

1. Friday night and we're just talking
Stars are crashing in the sky
Burning just for you and I
We don't need to over think this
Nothing is going to bring us down
Show them what we're all about

All the way one hundred one
percent touch down
We're gonna kill it
leave the pack on
Take this town

- R: Let's go whatchya wanna wait for?
Let's take everything we ask for
Come on and turn it up
Let's tell the world we want
More More More I want more
Let's go, take over the dance floor
You'd be mine and I will be yours
Come on and let it play
Let me hear you say
More More More

I want more
I want more

2. Take my hand and pull me closer
Whisper nothings in my ear
Until the walls just disappear
Feel the music, take you higher
Feel my heart beat like a drum
Baby you're the only one

All the way one hundred one...

- R: Let's go whatchya wanna wait for...

- *: Come on everybody lets go party
Till' they kick us out now
I don't care (I want more)
Once get it started
we won't stop
Until we get it all out
Take me there
Take me there
More More I want more

- R: Let's go whatchya wanna wait for...

More I want more More more
