

# That's More Like It

Selena Gomez & the Scene

When I wanted you, you did not reciprocate  
When I needed you, you would always show up late  
But things have changed, and I've got the upper hand  
You can run and I've got you eating now of my hand

That's more like it, yeah  
That's more like it  
Make my dinner, bring it to me  
That's more like it, That's more like it  
Yeah, That's more like it  
Yeah, That's more like it  
I see where and when it happened  
That's more like it!

When my birthday came, you would not remember it  
When I talked to you, you were never listening  
But tables turn, and it's great to be on top  
Got you great to appreciate the good that you've got

That's more like it, yeah  
That's more like it  
Make my dinner, bring it to me  
That's more like it, That's more like it  
Yeah, That's more like it  
Yeah, That's more like it  
I see where and when it happened  
That's more like it!

I, I got clean  
And I like daisies  
Maybe better write this down  
I love cashmere, and I want diamonds  
Ready for my massage right now

That's more like it, yeah  
That's more like it  
Make my dinner, bring it to me  
That's more like it, That's more like it  
Yeah, That's more like it  
Yeah, That's more like it  
I see where and when it happened  
That's more like it!
