

The Way I Loved You

Selena Gomez & the Scene

1. Everything's cool, yeah
It's all gonna be okay, yeah

And I know
Maybe I'll live and laugh about it someday
But not today, no

Cause I don't feel so good
I'm tangled up inside
My heart is on my sleeve
Tomorrow is a mystery to me

R: And it might be wonderful, it might be magical
It might everything I've waited for, a miracle
Oh, but even if I fall in love again with someone new
It could never be the way I loved you

2. Letting you go is
Making me feel so cold, yeah
And I've been
Trying to make believe it doesn't hurt
But that makes it worse, yeah

See, I'm a wreck inside
My tongue is tided
And my whole body feels so weak
The future may be all I really need

R: And it might be wonderful, it might be magical...

*: Like a first love, the one and only true love
Wasn't it written all over my face? Yeah
I love you like you loved me
Like something pure and holy
Like something that could never be replaced

R: And it might be wonderful, it might be magical...
... if I fall in love again with someone new
I could never be the way
No, it will never be the way I loved you
