Forget Forever

Selena Gomez

- 1. I told, I told, I told myself again I'll never runnin' back on what I said Tryin' not to run but you're so far away, so far away Listen to the conscience in my head I'm conscious but I'm lonely halfway dead Tired of the thing you never, you never said You never said
- R: Our love was made to rule the world You came and broke the perfect girl Our love was made to rule the world Our love was made to rule the world You left wanting what we were Our love was made to rule the world
- 2. Forget forever, forget forever Forget you ever knew my name, my name, my name my name I know, I know, I know we can't pretend that we never lovers in the end I've tired to tell myself that this pain would go away Just go away
- R: Our love was made to rule the world...

Forget forever, forget forever Forget you ever knew my name, my name, my name, my name Forget forever
