

# Save the Day

Selena Gomez

Kiss the moon goodbye  
But don't close your eyes, your eyes  
It's the end of the night  
But the beginning of time, for you and I  
I can't believe that my body is still moving  
It makes me feel like we're doing something right.

Baby when the night starts slipping  
When the night starts slipping  
When the night starts slipping away  
Boy you got my heartbeat skipping  
When you touch me even though  
The time is ticking away  
Just tell me it's not over  
And we'll never reach the end  
But when the night starts slipping away,  
Save the day

De de de de de day  
De de de de de day  
De de de de de day  
Save the day  
De de de de de day  
De de de de de day  
De de de de de day  
Save the day

Yeah we're still wide awake  
Got me losing my mind, my mind  
No, it's never too late,  
Put your lips on mine  
In the burning sunlight, I  
I can't believe that my body is still moving  
It makes me feel like we're doing something right.

Baby when the night starts slipping  
When the night starts slipping  
When the night starts slipping away  
Boy you got my heartbeat skipping  
When you touch me even though  
The time is ticking away  
Just tell me it's not over  
And we'll never reach the end  
But when the night starts slipping away,  
Save the day

Oh eh, oh eh, oh eh, oh, ah, ah, ah  
Oh eh, oh eh, oh eh, oh, ah, ah, ah

Kiss the moon goodbye  
But don't close your eyes, eyes, eyes
