

Always Mine

Selena

All my friends say that I'm a fool
And that I should give up on you
Many times I should have tried
But then there's something down deep inside

I spent some time trying to think I was through
And to always end up wanting to be with you
Como una flor
Que necesita el agua
Sin tu amor
Se marchita mi alma

You will always be
Always mine
Be mine ill the end of time
Always mine
You will always be
Always mine
Be mine till the end of the time
Always mine

All my friends say that I'm a fool
And that I should give up on you
Many times I should have tried
But then there's something down deep inside

I spent some time trying to think I was through
And to always end up wanting to be with you
Como una flor
Que necesita el agua
Sin tu amor
Se marchita mi alma

You will always be
Always mine
Be mine ill the end of time
Always mine
You will always be
Always mine
Be mine till the end of the time
Always mine
