

## Tequila Moonlight

Self Against City

You gave me that look across the table  
At dinnertime  
Your toes caress my ankle  
And I notice your breathing getting heavy  
Your speech short of steady  
It's obvious you're ready  
Skip the elevator  
Head straight toward the stairs  
Lipstick shades on pillowcases  
Love and lust together here  
But you know  
I don't have to tell you  
It's not just about that, not just about that  
And you know  
We don't have to prove it  
Was never about that, never about that  
We'll turn the lights back on and straighten up the room  
I'm buttoning my shirt, I watch you as you fixed your hair  
We stumble downstairs  
Can't tell them what has just occurred  
Never feeling awkward  
But you know  
I don't have to tell you  
It's not just about that, not just about that  
You know  
We don't have to prove it  
Was never about that, never about that  
But you know  
I don't have to tell you  
It's not just about that, not just about that  
And you know  
We don't have to prove it  
Was never about that, never about that  
And you know  
I don't have to tell you  
It's not just about that, not just about that  
You know  
We don't have to prove it  
Was never about that, never about that  
Never about that, never about that  
Never about that, never about that
