

# Anything Is Impossible

Self

Turn it off, turn it off the station  
Screw the new, screw the new sensation  
You can re, you can relocation  
Become an alien mutation

But you don't really hear me do you?

They call you crazy cause they know you're right  
Oh yea, it's nearly impossible  
To please all of the people all the time  
Oh yea, it's nearly impossible  
To do the things you do so easily  
You've come so far in this life,  
In this life anything is impossible

The girls I know they play for  
If they breath, If they're breathin at all  
The band is pumpin out retro-action  
To the drummers dissatisfaction

But you don't really hear me do you?  
You just don't want to hear me do you?  
You really don't hear me now do you?

They call you crazy cause they know you're right  
Oh yea, it's nearly impossible  
To please all of the people all the time  
Oh yea, it's nearly impossible  
To do the things you do so easily  
You've come so far in this life  
In this life anything is impossible

You can't bereave me, Deceive me  
Watch me on TV no more  
You can't bereave me, Deceive me  
Watch me on TV no more

Turn it up, Turn it up the station  
We wanna hear, wanna hear the sensation  
We can re, We can relocation  
Become an alien mutation

But you just didn't hear me did you?

They call you crazy cause they know you're right  
Oh yea, it's nearly impossible  
To please all of the people all the time  
Oh yea, it's nearly impossible  
To do the things you do so easily  
You've come so far in this life  
In this life anything is impossible
