Turn it off, turn it off the station Screw the new, screw the new sensation You can re, you can relocation Become an alien mutation

But you don't really hear me do you?

They call you crazy cause they know you're right Oh yea, it's nearly impossible
To please all of the people all the time
Oh yea, it's nearly impossible
To do the things you do so easily
You've come so far in this life,
In this life anything is impossible

The girls I know they play for
If they breath, If they're breathin at all
The band is pumpin out retro-action
To the drummers dissatisfaction

But you don't really hear me do you? You just don't want to hear me do you? You really don't hear me now do you?

They call you crazy cause they know you're right Oh yea, it's nearly impossible
To please all of the people all the time
Oh yea, it's nearly impossible
To do the things you do so easily
You've come so far in this life
In this life anything is impossible

You can't bereave me, Deceive me Watch me on TV no more
You can't bereave me, Deceive me
Watch me on TV no more

Turn it up, Turn it up the station We wanna hear, wanna hear the sensation We can re, We can relocation Become an alien mutation

But you just didn't hear me did you?

They call you crazy cause they know you're right Oh yea, it's nearly impossible
To please all of the people all the time
Oh yea, it's nearly impossible
To do the things you do so easily
You've come so far in this life
In this life anything is impossible
