

## Now

## Self

Handcuffed to the railroad tracks  
Gagged and bound, down on my knees  
My head upon a platter for you  
I'll offer anything

Now, now, any way you want me  
Now, now, any way you want  
Now, now, any way you want me  
Now you know, as long as you want me, now

So now I'm the type of alien  
Who's a liar and a thief  
I assure you it's no cheap trick baby  
I just want you to want me  
So maybe you should get legal consultation  
Maybe you should get a lock and bar your door  
You should seek therapy in preparation, darling  
'Cause it's you I'm coming for

Now, now, any way you want me  
Now, now, any way you want  
Now, now, any way you want me  
Now you know, as long as you want me, now

Do you expect me to patiently wait?  
I can't get along with anyone else  
You should've seen me dating around  
But they weren't like you, ooh

Now, now, any way you want me  
Now you know, as long as you want  
Now, now, any way you want me  
Now, now, any way you want  
Now, now, any way you want me  
Now, you know as long as you want me, now
