

North eastern southwest mississippi  
I'm going to reach my destination alone  
North eastern southwest mississippi  
I'm going to reach my home  
I'll wave to the river as I'm flying over  
North eastern southwest mississippian  
Never mind the times  
And as a matter of fact, you're just the kind - alone and temperamental  
So rewind the clock, the machine, and your one-wheeled unicycle  
And as a matter of fact, you're underpaid for all that you can offer  
So tell the boys that they can fight over your one-starred uniform
