Semargl

Incites you....  
Forever, ever revolution!!  
Incites me...  
To revolution!!

Holy order,  
makes mental disorder.  
Mindfucking moral,  
everyone is under control.

Believe, jesus saves,  
Believe until your grave.  
It makes me sick,  
So fuck this shit!

Incites you....  
Forever, ever revolution!!  
Incites me...  
To revolution!!

Some kind of fools,  
Never wins, always loses.  
Crave for the future,  
Promised by a shucking preacher.

Sacrifice your life,  
Sacrifice and don't deny.  
Forbidden evolution,  
It's time for revolution!!!!

Incites you....  
Forever, ever revolution!!  
Incites me...  
To revolution!!
