

Drag Me To Hell

Semargl

You will give me everything you've got
Till the last drop of your dirty blood,
Because I am love of your whole life.
The tumor grows, until you die.
Want to hear only sweet sweet spell,
Step by step I'll drag you to hell.
You'll be happy like never before,
So come on, start to adore!

Hold me gently,
Kiss me gently,
Kill me gently ,
Drag me to hell.
I'm in love with Devil,
I'm in love with a death.

New wounds on a perfect body,
Please, please, please me so much.
Wings raised you to sky,
Soon I'll hear your painful cry.
Want to hear only sweet, sweet spell,
Step by step I'll drag you to hell.
You will suffer, like never before,
So come on, start to abhor!
