

God Is Not Love

Semargl

All around god is painted with blood,
All around faith is saturated with hate.
I'm calling to deny
All dogmas of parasitism.

Religion is war.
Religion is pain.
Religion is whore for the impotents.
Fuck you all, who has told, that Lord is love.

All around god is painted with blood,
All around faith is saturated with hate,
I'm calling to deny
All dogmas of parasitism.

Ask the dead,
Pray to the dead,
Beg to the dead
Until you die in emptiness of god-slaving cell.
