

I Hate You

Semargl

Lifeless, but not dead.
Virus "christ" consumes your head.
God's creature in grace,
I want to smash your face!
Under the mask of piety
Grining the hypocrisy
Defend yourself by crucifix,
I'll f**k you by my 666!

Hey, you better watch your back!
I hunting you, I want your head!
So run away and spell your pray
I'll bring the hell to your last day.
Hide inside the f**king church
I'll come to you with profane torch
Appeal to christ, your nasty god
You may well cry before you die!

I f**king hate, f**king hate, I hate you
I f**king hate, f**king hate, I hate you

Hey, you better stay away,
I lose control, turn to insane.
So run away and spell your pray
I'll bring the hell to your last day.
Hide inside the f**king church,
I'll come to you with profane torch,
Appeal to Christ, your nasty god
You may well cry before you die!

I f**king hate, f**king hate, I hate you
I f**king hate, f**king hate, I hate you
