

Across The Great Divide

Semisonic

Over mountains,
That's where my love lives,
A long, long ride to sun-land,
Here where I did this.

Across the great divide alone,
(wondering open afraid and)
Arriving alive unknown,
(unknown unwise and unaided)

If I could I might,
Send my love on a plane ride,
A black cross high in a blue sky,
A green cross gliding on a million pines.

Across the great divide alone,
(wondering open afraid and)
Arrive in a life unknown,
(unknown unwise and unaided)

Across the great divide alone,
(wondering open afraid and)
Try to find a life unknown,
(unknown unwise and unaided)

Across the great divide alone,
(wondering open afraid and)
Arrive in a life unknown,
(unknown unwise and unaided)

Across the great divide alone,
(wondering open afraid and)
Arrive in a life unknown,
(unknown unwise and unaided)

Across the great divide alone,
(wondering open afraid and)
Arrive in a life unknown,
(unknown unwise and unaided)
