

# Cry Before The War

Sengir

Don't ask me if it's right or wrong  
You've lost your way forever  
No matter where you belong  
Because you're falling into this beautiful oblivion  
You thought you could have it all  
Even in you darkest hour ever  
Your soul is beyond recall  
Your angels are dying and pain will never feel the same  
But now it's time (now it's time) to let you go (to let you know)  
I think it's time (I think it's time) to let you know (to let you know)  
I will surely haunt (I will surely haunt you) you down (down)  
But it's too late tonight  
Don't ask me if it's right or wrong  
You've lost your way forever  
No matter where you belong  
Because you're falling into this beautiful oblivion  
This time I make you love me  
This time I really care  
This time I make you love me  
This time I really care  
This time I make you love me  
This time I really care  
This time I make you love me  
This time I really care  
Don't ask me if it's right or wrong  
You've lost your way forever  
No matter where you belong  
Because you're falling into this beautiful oblivion  
You  
Now you're falling  
you're so beautiful, when you are falling down...  
Falling down...
