Futon

Sense Field

He was drinking alcohol again with friends They wanted to be happy all the time The dream is yours and mine But someone said that alcohol's no good

No good for mind and soul
Or body when you lose control
I think I want to light something on fire
I'm going to light something on fire

I'm going to light something on fire What am I afraid of?
What are you afraid of?
What are we afraid of?
