

## In The Light Of Things

Sense Field

I'd like to think I was a lover  
if I could ever bring us back together  
I'd like to think I was a father  
if I could get together with my children  
I'd like to think I was a friend  
so let us begin  
I'd like to think I was your friend  
we can start again  
in the light of things  
in the light of things  
in the light of things  
I'd like to think I was a thinker  
if I could even get my thoughts together  
I'd like to think I was still a child  
if I could get together with my father  
I'd like to think that I can see right in front of me  
I'd like to think that I can breathe in everything  
in the light of things  
in the light of things  
in the light of things  
in the light of things  
I'd like to think I was a lover  
if I could ever bring us back together
