

# Take What You Want

Sense Field

This game seems to be the trend  
You can say you've won  
The nightmare's coming to an end  
And I can see the sun

I know that's you haunting me  
Take what you want  
I don't owe you anything  
Take what you want  
I don't owe you anything  
I know I'm not wrong  
I know what you want from me  
Take what you want

Truth will rear it's ugly head  
Now that the fight is on  
Cruel and brutal words you said  
Then you say you're done  
You're way too smart for your own good  
To let you have your fun  
You've walked on me, it's understood  
You've run my life too long

I know that's you haunting me  
Take what you want  
I won't give you anything  
Take what you want  
I don't owe you anything  
I know I'm not wrong  
I know I'm not wrong  
I know what you want from me  
Take what you want  
I won't give you anything  
Take what you want

Cover your face  
Hide your eyes  
And act like nothing's wrong  
You'll need a better disguise  
Though it won't be long  
You always give yourself away  
When you try to change your voice  
But it's what you say and how you say it  
That leaves me with no choice  
But it's what you say and how you say it  
That leaves me with no choice

I know that's you haunting me  
I know I'm not wrong  
I don't owe you anything  
Take what you want  
I won't give you anything  
Take what you want  
I don't owe you anything  
I know I'm not wrong
