

Shark Attack

Senses Fail

I've spent the last year paying a stranger to listen
To childhood thoughts about the love I am missing
I'd fallen for one of the oldest tricks in the book

The hooks were baited out with fear (The hooks were baited out
with fear)
Because I wasn't thinking clear

Just save yourself
Cause it's too late for me.
Just save yourself
Cause I've lost everything.

Lying on the couch and spilling all of my guts out
Walking out with nothing but a head full of self doubt
I take back every good thing that I ever said

Cause it was all so meaningless (Cause it was all so meaningless)
It didn't help clean up my mess

Just save yourself
Cause it's too late for me
Just save yourself
Cause I lost everything

Now I see
You rip me open, ripped me up
Now I see
You rip me open, ripped me up

I spent the last full year of my life,
Asking the questions just to find out it was all a lie

Just save yourself
Cause it's too late for me.
Just save yourself
Cause I've lost everything.

Now I see (Now I see)
Now I see (Now I See)
