

Never Be Enough

Sent By Ravens

Come close
Take off your shoes
Tell me all the thoughts
That weigh on you
Bad love
Left a visible scar
But it won't fool me
'Cause I know who you are

Every wall we build inside
Will never be high enough
To keep the water from our eyes
And all the good you see in me
Will never be good enough
It doesn't have to be good enough
It'll never be enough
It'll never be enough

Years pass
In the blink of an eye
Still you hope for change
But live in lies
Bad luck
Left a hole in your guard
But it won't fool me
'Cause I know who you are

Every wall we build inside
Will never be high enough
To keep the water from our eyes
And all the good you see in me
Will never be good enough
It doesn't have to be good enough
It'll never be enough
It'll never be enough
It'll never be enough
It'll never be enough
