

## Bleed in My Arms

Sentenced

No, you don't want me to be there..  
To kiss your eyes, caress your hair... or kill that pain away  
As pain is my companion, solitude my guide  
Your sweet affection solely offers me a threat I cannot abide

Yet you'll lose yourself in me... in me

Bleed in my arms wounds within  
Fall from grace as I offer you sin  
Sacrifice yourself so frail..  
This pseudo-love is as good as betrayal

So place your love in the palm of my hand..  
where temptation lies within... that something you've yet to feel  
And as I close my fist and awake your sleeping fears  
Without forbearance I will quench my thirst of your crimson tea  
rs

You've lost yourself in me... in me

Bleed in my arms wounds within  
Fall from grace as I offer you sin  
Sacrifice yourself so frail..  
This pseudo-love is as good as betrayal

Weep for promises which all died  
A drop of tear for every lie  
Love forever torn away..  
I am only to cherish your pain

...I am only to cherish your pain...
