

## Sun Won't Shine

Sentenced

The candles have been blown out by the wind  
don't be scared, my love, I'm right by your side  
I still remember all the times I walked alone...dead  
until you woke me up and made me come alive

With her love she feeds oh the fire in my heart  
And in her eyes, oh the birth of stars

The sun won't shine on me without your love  
...don't you know  
The cold wind kills the flame in my heart  
...by its blow

She gave me everything that I had craved  
through the years of pain  
the years of pain

With her love she feeds oh the fire in my heart  
Oh she's my only light  
In the dark

The sun won't shine on me without your love  
...don't you know  
The cold wind kills the flame in my heart  
...by its blow

Dead Calm all around
