

# Resuscitate Me

September

1. You can pick up the phone and  
I know, no one's home but  
I don't think you know how much it means  
just to hear the sound of your voice even if  
it's your voice on the answering machine  
I'm holding my breath until you come back again  
but the air is getting less and less  
I need love CPR, but you're so far away

R: Don't you let my heart die boy  
this is an emergency  
you're what I need  
All it takes is for you  
to come and put your lips on me  
you help me to breathe  
resuscitate me  
I'm begging you please  
you're all that I need  
I want you to be the air that I breathe  
resuscitate me

2. Although there is a time in the place  
that I will see your face  
it's still hard to wait around  
the problem is this seems so easy to miss  
don't you know boy I need you here and now  
you are the place that I fall apart and now  
I don't know where to start  
I need love CPR, but you're so far away

R: Don't you let my heart die boy...

\*: Put your hands on my heart  
you touch come so deep  
but boy when you're gone  
and I'm all alone  
It gets hard to breathe  
resuscitate me, baby  
resuscitate me, come on  
resuscitate me, yeah yeah yeah, yeah yeah

R: Don't you let my heart die boy  
this is an emergency  
you're what I need  
All it takes is for you  
to come and put your lips on me  
you help me to breathe  
resuscitate me  
I'm begging you please  
you're all that I need  
I want you to be the air that I breathe  
resuscitate me
