

# Satellites

September

1. Well, they said it was time for changing  
Rise and shine  
Everybody's making it, but you  
And they told you to trust your dreaming  
But it's hard to believe a feeling  
That you just don't know

R: Even an angel can end up falling  
Don't you cry, because you're crawling  
Start again, it's a beautiful morning  
For satellites  
(2x)

2. You've been trying to walk on water  
In the end everybody  
Walked all over you  
Now, you don't like the sight of mirrors  
Cause you're scared that the face  
You'll see, will look just like before

R: Even an angel... (2x)

\*: All I want is you  
Let me take you back  
Where you once belonged  
All I want is you  
It will be alright if you come along  
You were never gone

R: Even an angel...
