

I get up, then I'm down,  
Because nothing ever happens,  
But the same old song,  
So get in, said come on,  
You're the only thing around,  
That's ever turned me on,  
Time to get the motor running,  
Relax and turn the radio on

Let's start it up and run, run, run,  
Ride it top down out of this old town,  
I'm heading out, let's run, run, run,  
When I go it's gotta be with you

Da da da da da da da da da da  
Da da da da da da da da da da

Now's the time (now's the time)  
Look around (look around)  
There ain't nothing here to keep you,  
What're you waiting for,  
From the sky to the ground,  
There's just different shades of grey,  
I know you've seen before,  
Now I've got the motor running,  
Kick back, the radio's playing our song

Let's start it up and run, run, run, (I'm gonna run)  
Ride it top down out of this old town  
I'm heading out, let's run, run, run,  
When I go it's gotta be with you (I'm gonna be with you)

Da da da da da da da da da da  
Da da da da da da da da da da  
Da da da

I said I want it, I need it  
I need the wind in my hair, (I want it, I need it)  
And your arm around my shoulder, (I want it, I need it)  
I need a breath of fresh air, (I want it, I need it)  
After all this time (I want it, I need it)  
I want it, I need it,  
I want it, I need it,  
I want it, I need it,  
I want it

Let's start it up and run, run, run, (I'm gonna run)  
Ride it top down out of this old town  
I'm heading out, let's run, run, run  
When I go it's gotta be with you (I'm gonna be with you)

Da da da da da da da da da da  
I'm gonna run  
Da da da da da da da da da da  
I'm gonna be with you  
Da da da
