

Again... Again you try to find me.  
You seek the one not willing to be found.  
Pyramid God  
Unlike the places you have been,  
I am not confined by lines.

Pyramid God  
I am the dreamer of this realm  
(God) But not the dream inside  
Pyramid God  
I am the head outside the dream  
(God) I am the headless mind!

Are you... Are you a breath of mine?  
You cross my gates, the gates of space and time.

"Pyramid God, am I the user of the gates?  
I live a triangle life"

Pyramid God  
I am the dreamer of this realm  
(God) But not the dream inside.

Pyramid God  
I am the head outside the dream  
(God) I am the headless mind!

Built me a monument, nem age conspirators.  
Expand my theories to a world without end.  
The Pyramid God is watching...  
Built me a monument, nem age conspirators.  
Expand my theories to a world without end.
